

Holiday Gift Card

Since you purchased your gift of web video lessons online, this is a card you can print to place under the tree or use as a stocking stuffer. The recipient family will appreciate a record of their access codes written out in this handy reference. Simply print it from your computer, cut it out and you are ready for gift giving!

Instructions for assembling your gift card

Printing - Print the envelope and the 2 piece card in color. If you do not have a color printer, it works in black and white but you may consider printing the card itself on colored paper to make it more eye-catching. The envelope should be printed on regular paper. The outside of the card may be printed on card stock or regular paper. The inside of the card should be printed on regular paper. Set your printer for **single side printing**, not duplex.

Envelope

1. Cut - Solid black lines are cutting guides. Cut along these lines. You will cut the lower sides of the paper and the top corners off.
2. Fold - Broken gray lines are fold guides. Place the paper face down and fold all lines. Fold the middle line last.
3. Glue - You may use glue stick or tape to close the sides of the envelope.

Card

- You will have two pieces for the card.
1. Cut along the solid lines. Stay to the outside of the thick colored lines so you have a nice border finish.
 2. Fold each piece along the broken gray lines.
 3. Place the interior card inside the cover card matching up the folds. Tie a ribbon around the spine to hold the two pieces together.
 4. Sign the card and put it in the envelope. Don't forget to include the user name and password so the recipients can access their KinderBach Online piano lessons.
 5. Seal the envelope with tape or a bright holiday sticker.

Merry Christmas!

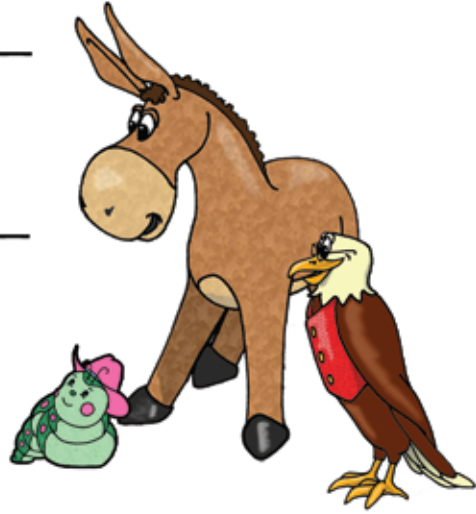

KinderBach Online Piano Lessons!

To: _____

From: _____

Parents:

To access the lessons, go to www.KINDERBACH.com. Click on the "Learning Center" and watch the orientation video. The first two weeks of lessons are free for everyone but, with your membership, you can access any of the levels as many times and as often as you like. To test your subscription, go to Level 1, Week 3. When the screen comes up, type in your user name and password.
